

The Dean of the [Faculty of Electrical Engineering](#), Czech Technical University in Prague, invites to submit applications for postdoctoral researcher positions

The call is open to exceptional candidates from all fields of research at FEE.

The contracts will be temporary with duration of 3 up to 12 (exceptionally 24) months. The salary is competitive, reflecting quality and experience of the candidate.

Minimum requirements:

- a PhD title awarded not more than 7 years by the start date,
- at least two journal papers registered in WoS, Scopus or ERIH databases published in the last three years by the start date,
- PhD study or research job outside of the Czech Republic for at least two years during the last three years by the start date,
- prospective candidates have to find a tutor/host among the faculty academic staff.

The application must include:

- the proposed research project
- with a signed approval of the FEE's tutor/host,
- professional CV incl. a list of publications with links to full texts of the most important papers,
- at least one Letter of recommendation of an academic referee,
- a link to the GoogleScholar web page or ORCID / ResearcherID,
- statement of the head of the department with the obligation to co-finance the set cost of the position.

Pre-selected candidates will be invited for a distant interview.

Expected start date: September 1, 2021
